

# LEAVE A LEGACY

Remember Hampstead Theatre in your will and help create world-class theatre for generations to come.

Philanthropic support has enabled Hampstead Theatre to entertain audiences with thrilling productions and to nurture emerging writers for many years. We were particularly grateful for our donors' steadfast generosity during the pandemic, which ensured we could plan a brighter future.

To help the theatre you love continue to thrive, please consider a legacy in your will. Even a small percentage of your estate or modest cash gift can make a huge difference and would be gratefully received.

If you choose to leave a legacy to Hampstead Theatre, we would love to hear from you. Your information will be treated in strict confidence and is no way legally binding. It is entirely up to you if you wish to provide any details about your intended gift.

We would be delighted to discuss legacy giving to Hampstead Theatre, and strongly recommend you consult a solicitor who can give you specialist advice according to your own individual circumstances.

Your bequest can support the theatre's work in general, or you may wish it to help a specific area which interests you.
