

Hampstead Theatre | Environmental Policy 2022-23

Hampstead Theatre recognises our impact on and responsibility to the environment. We are committed to integrating the principles and goals of Sustainable Development in our work, continually raising our ambitions as we seek a strong, healthy and just society.

Our Environmental Policy is a statement of our commitment to reducing the impact of our activities on the environment. This is reviewed every year and reported to the board of directors.

OUR COMMITMENTS

Creating a **culture where sustainability is prioritised** in decision making and ways of working.

Promoting a circular economy, where resource use is minimised and waste is eliminated.

Working towards **Net Zero, with ambitious targets** across our impacts.

We are committed to measuring and monitoring all those environmental impacts that we can reasonably gather data for, and control the use of. We will identify Relevant Key Performance Indicators (KPIs) for each environmental impact and use environmental impact data to set meaningful targets for the KPIs.

OUR AREAS OF IMPACT

ENERGY

WATER

WASTE

TRAVEL

MATERIALS

Our policy is meaningless unless translated in action, and requires continual evaluation in order to achieve our desired impact reduction. We seek to reduce the direct and indirect environmental impacts of our work.

OUR KEY TARGETS

Reduce **energy** consumption by 10% annually

Reduce **water** use per visitor by 10% between 2021/22 and 2022/23

Maintain our zero **waste**-to-landfill record while working to reduce overall waste tonnage

Promote 'greener' **travel** options for staff and audiences

Create a detailed catalogue of **materials** to be shared with incoming productions to encourage greater reuse
